History	<p>The company is based Mulgrave Victoria but also have offices in Perth, Brisbane and Adelaide. They provide services for the Energy, Water, Mining & Resources and Food & Beverage sectors. Formed in 1999, their annual revenue is estimated at \$24747440. June 16th 2011 they were convicted on one charge of depositing industrial waste after discharging coal sludge into the Morwell Main Drain. Mecrus got their first petroleum exploration permit in 2012. They hold eleven leases in South West Victoria, two in North East Victoria and three in Gippsland.</p>
Future Plans	<p>After pressure from local communities Mecrus quit plans to include coal and unconventional gas in their Western Victorian tenements.</p>
